			Total Value	£75,343	£138,090		
Note 1	The replacement value of the Parish Clock was reduced to £10,000 on 10th March 2004. (Minute reference 9.4 of meeting 10th March 2004). The reduction (which reduced insurance premium) was effected following professional advice from the Company that originally built and installed the clock and who still maintain it. The value reflects that part of the clock which is the responsibility of the Parish Council i.e. the clockworks, dial works, striking and winding mechanism. It does not include those things which are the responsibility of the Parochial Church Council i.e. the belfry and bells						
Note 2	Although the transfer of ownership of the open space at Orchard Green to Great Hale Parish Council was completed on 24th January 2005 it had been omitted from the schedule of assets until advice was taken from LALC (Lincolnshire Assn of Local Councils) in 2013. It has a nominal value of £1.00
